#### **EDUCATION**

#### Bachelor of Technology,

**GMR** Institute of Technology Branch: Computer Science Engineering CGPA: 8.9/10 (Upto 5th sem) Intermediate, (2018 – 2020) Sri Chaitanya junior collage, Rajam

Stateboard MPC

CGPA:9.17/10

Secondary School Certificate (2017 – 2018)

Bhashayam School GPA:10/10

### PROJECTS

#### Collage Fest Website

- STEPCONE 2023 15th edition
- Implemented Using Lamp Stack
- · we are Team of 9, my contribution towards the project is am Lead Desiner and implemented Events pages and Student Login and individual DashBoard, Admin DashBoard, and other frontend part and backend part

# Traffic Sign Detection Using DeepLearning

- In this Project DeepLearning Techniques Like-CNN, Yolo Are used.
- By using These Methods An automobile Can Easily detect and classify the traffic signs

# SKILLS

CS Core( Data Structures and Algorithms, Data Base Management System, Object-Oriented Programming)

WEB(HTML, CSS, JavaScript, PHP, NodeJS, ExpressJS) | Programming(python,c,c++)

Tools and Technologies (React JS, Redux, Git, Bootstrap, Postman.) | Data Base (mysql,mongodb)

# ር CERTIFICATES

- Object Oriented Programming in Java Specialization
- Data Structures and Algorithms Specialization

• META frontend by coursera

# ន្ត្ឋ ACHIEVEMENTS

#### Acting as a radio jockey in gmrit

#### ACM web developer

# နာ PERSONALITY TRAITS

- Hardworking
- Quick Learner
- communication
- Leader ship Traits
